EDUCATION

University College London and Meta (Gen AI)

Ph.D. in Computer Science

London, UK

Sept 2023 - Present

Indian Institute of Technology (IIT), Delhi

M.Tech in Computer Science and Engineering – GPA: 9.348 / 10.0

B.Tech in Computer Science and Engineering

New Delhi, India

July 2015 - July 2020

July 2015 - July 2020

WORK EXPERIENCE AND RESEARCH

AI at Meta, Research Assistant

Generative AI Team

London, UK

Sept 2023 - Present

- *Large Language Models*: Working on generalization, evaluations, and robustness of LLMs and alternate architectures.

Google Research, Pre-Doctoral Researcher

Machine Learning and Optimization Team

Bangalore, India

July 2021 - July 2023

- *Efficient Transformers*: Developed *Treeformer*, a new self attention module leveraging decision trees to reduce FLOPs and inference time in the attention layer by 6x while matching performance on benchmarks like GLUE and LRA. Proposed bootstrapping techniques for stable training of the discrete trees in the end-to-end neural pipeline.
- *LLM Inference*: Evaluated the performance of weight-based pruning and post-training quantization techniques on accuracy and inference time of large language models like LaMDA. Investigating neural architecture search (NAS) techniques to reduce the size of feed-forward layers and the communication cost across multiple TPU devices.
- *Scaling with Efficiency*: Probing ways to scale large transformer models for longer sequence lengths using sparse structures for the attention and feed-forward layers.

Google Research, Research Associate

AI for Social Good Team

Bangalore, India

Dec 2020 - July 2021

- *Resource-Constrained Planning*: Developed a Restless Multi-Armed Bandits (RMABs) solution for intervention planning problems with resource constraints for real-world deployment. Used demographic information and engagement data to infer the transition probabilities of the MDPs in RMAB.
- *Pilot Study*: Conducted a pilot study on 23,000 beneficiaries in collaboration with a non-profit, showing efficacy of RMABs in improving retention of the beneficiaries by over 32%. Coverage: [Google AI Blog](#)

Level AI, Applied AI Engineer

Applied NLP and Engineering Team

New Delhi, India

July 2020 - Dec 2020

- Implemented the question answering module over textual knowledge base and incorporated in the chat-based product. Developed the annotation pipeline in the product to collect data and perform automatic evaluation of existing models. Developed an extract and rank search system over text documents using Elastic Search and semantic similarity models.

Data Analytics and Intelligence Research Lab

Advisors: Prof. Parag Singla, Prof. Sayan Ranu

IIT Delhi

Jan 2019 - July 2020

- *Master's Thesis*: Designed semi-supervised models for Machine Translation (MT) leveraging monolingual data and linguistic structure. Built SoTA MT models for low [web] resource languages using transfer learning.
- *Research Project*: Worked with Graph Attention Networks in node classification and link prediction tasks for small and large scale graphs. Explored unsupervised pre-training in Graph Neural Networks for n-ary link prediction.

Appropriate Computing Technologies for Development Lab

Research Project, Advisor: Prof. Aaditeshwar Seth

IIT Delhi

Jan 2018 - Jan 2019

- Worked on forecasting and anomaly detection in commodity prices using multivariate time series and neural models.

AWARDS & HONORS

- *Best Paper Award*: Machine Learning for Health (MLPH) Workshop, NeurIPS 2021
- *HPC-IITD Award for Research, 2019-20*: Awarded computational credits worth 10,741 USD for Master’s Thesis Project
- *Microsoft Research Travel Grant, 2019*: Presentation of paper in COMPASS Conference held at Accra, Ghana
- *Impact Challenge, 2018*: Ranked first for positive impact of summer internship project at AXA XL
- *JEE Advanced, 2015*: All India Rank 124 out of 150,000 candidates
- *National Top 1%, 2015*: National Standard Examination in Physics and Chemistry conducted by HBCSE
- *KVPY Scholar, 2013*: Accorded fellowship by Department of Science and Technology, Government of India
- *NTSE Scholar, 2011*: Secured sixth position nationwide in National Talent Search Examination

TEACHING EXPERIENCE

- *Teaching Assistant*: COL774, Machine Learning, Spring 2020
- *Teaching Assistant*: COL870, Reinforcement Learning, Fall 2019

TALKS AND PRESENTATIONS

Treeformer: Dense Gradient Trees for Efficient Attention Computation

Presentation at *Google Research Conference* 2022

Restless Multi-Armed Bandits for Intervention Planning

Poster Session at *AAAI Conference* 2022

Oral Presentation at *NeurIPS Workshop on Machine Learning in Public Health* 2021

Oral Presentation at *AAMAS Workshop on Autonomous Agents for Social Good* 2021

Machine Translation with Limited Data

Presentation at *DAIR Lab, IIT Delhi* 2020

EXTRA-CURRICULAR ACTIVITIES

Vice Captain, IIT Delhi Aquatics Team

IIT Delhi

Aquatics & Waterpolo

Aug 2016 - Oct 2019

- Represented IIT Delhi at Inter IIT Aquatics Meet - 2017 & 2018 and Silver Medallist at Aavhan 2018, IIT Bombay.

Member and Club Representative

IIT Delhi

Music Club

Jan 2016 - May 2017

- Member of Mridang, the Indian Music Society and performed in the opening ceremony of Rendezvous, 2016.
- Awarded BRCA Recognition for the Best Music Club Representative and significant contribution to music society.
